05	System Admin (Greg)	Audits real-time event logs console & plant registries
06	Owner (Shahroz)	Reviews executive Launch Roadmap & global financial audit

3. STORYBOARD STEPS 1 TO 3: FIELD TO ACCOUNTING

STEP 1: FIELD QRE REPRESENTATIVE (HUGO LOGS DEFECT & EXPENSE)

Username: hugo | Password: Hugo2026!

1. Login as "hugo" on Mobile App / Fast Auth.

2. Tap "New Suspect Material": Select Ford Oakville, pin CAD defect dot on component blueprint, select Part #86289912 (Magna), attach photo proof, click "Release & Send".

3. Tap "Log Rework Hours": Select Ford Oakville, enter 12.0 Hours, 500 Pcs Inspected, 475 OK, 25 NOK reworked, and log 60 km Travel Distance.

4. Tap "Log Expenses": Category "Fuel", Amount "\$45.00", attach fuel receipt photo, and click Submit.

--> Checkpoint: Green confirmation banner "Incident & Expense Submitted to Quality Lead".

STEP 2: QUALITY LEAD (DONNA AUDITS DEFECT MATRIX & DUPLICATES)

Username: donna | Password: Donna2026!

1. Login as "donna" on Web CRM Dashboard.

2. Open Visual Defect Matrix: Hover red coordinate marker on Part #86289912 CAD drawing -> Confirm Hugo's report at Ford Oakville.

3. Click Pulse AI Copilot -> Run "Quality Audit" -> Verify zero duplicate defect logs exist.

4. Check Reps Roster Board: Confirm Hugo's status shows "Ø=â Active Shift / 500 Pcs Sorted".

--> Checkpoint: Defect report validated for corporate accounting & client billing.

STEP 3: ACCOUNTANT (COLLEEN VERIFIES RECEIPT & EXPORTS LEDGERS)

Username: Colleen | Password: Colleen2026! (Auto Light Mode)

1. Login as "colleen" on Web CRM Dashboard.

2. Open "Timesheets & Billing" Tab: Verify Hugo's 12.0 hrs under Magna for Ford Oakville.

3. Scroll to Expense Verification: Click \$45.00 Fuel receipt photo thumbnail, open High-Res Lightbox

4. Export Ledgers: Click "Export QuickBooks CSV" (.csv) and "Export Excel Ledger" (.xlsx).

--> Checkpoint: Grand Invoice calculates: (12 hrs x \$45) + (60 km x \$0.65) + \$45 Fuel = \$624.00.

4. STORYBOARD STEPS 4 TO 6: CUSTOMER & EXECUTIVE

STEP 4: AUTOMOTIVE CUSTOMER (MAGNA PORTAL OVERSIGHT)

Username: magna | Password: Magna2026!

1. Login as "magna" on Customer Portal.
 2. Verify Security Scoping: Confirm dashboard is strictly restricted to Magna AutoSystems parts.
 3. Open Incidents Feed: Inspect Part #86289912 report at Ford Oakville -> Confirm 25 NOK repaired.
 4. Click "Download Supplier Quality Report" -> Verify official PDF download with logo.
- > Checkpoint: Client has full visibility into containment progress without accessing payroll rates.

STEP 5: SYSTEM ADMIN (GREG EVENT LOGS & ROSTER CONTROL)

Username: greg | Password: Greg2026!

1. Login as "greg" on Web CRM Dashboard.
 2. Open "System Events Logs" Tab: Review live real-time event stream logging Hugo's report, Donna's audit, and Colleen's expense approval.
 3. Audit Plant & Supplier Registries: Verify active QRE assignments for Ford Oakville.
- > Checkpoint: Full operational governance verified without executive launch roadmap access.

STEP 6: EXECUTIVE OWNER (SHAHROZ MIRZA FULL AUDIT)

Username: shahroz | Password: Shahroz2026!

1. Login as "shahroz" on Web CRM Dashboard.
 2. Access "IDS Pulse Launch Roadmap" Tab: Review auto-unlocked deployment phases.
 3. Run Unrestricted Pulse AI Audit: Perform global scan across all financial and quality collections.
- > Checkpoint: 100% end-to-end operational integrity verified across all 6 system roles!

5. MULTI-ROLE RECONCILIATION & TEST SIGN-OFF

Role	Passcode	Tested Function	Financial / Quality Metric	Status
QRE Rep (Hugo)	Hugo2026!	Defect & Expense Log	Part #86289912, 12 hrs, \$45 Fuel	P A S S E D ' '
